Seventeenth and seventeenth century English poetry	

### How was poetry in the 17th century?

The seventeenth century gave us the first published poems from America, the elaborate conceits and scientific flavour of metaphysical poetry, some classic English epic poems, and the birth of the new, orderly, 'neoclassical' poetry that would continue into the following century.

### What are the characteristics of 17th century poetry?

The Seventeenth Century (1603-1660)

Metaphysical poems share common characteristics: they are all highly intellectualized, use rather strange imagery, use frequent paradox and contain extremely complicated thought

### **Who are the main poets of the 17th century English poetry?**

This volume includes the major poets—John Donne, Ben Jonson, George Herbert, John Milton, and Andrew Marvell—the major women writers of the era—Aemilia Lanyer, Mary Wroth, Anne Bradstreet, Margaret Cavendish, and Katherine Philips—and nineteen other poets essential to an understanding of English literature

### **What is the characteristics of seventeenth century in general?**

The 17th century was a period of unceasing disturbance and violent storms, no less in literature than in politics and society. The Renaissance had prepared a receptive environment essential to the dissemination of the ideas of the new science and philosophy.
