

Name: Azmi Tawfiq Hussein AL-Rawi

First: General Information

Address:

- Work: Asst. Prof. in College of Computer Science and Information Technology
- Major: Physics Specialization: Theoretical Physics / Image Processing
- Degree: Assistant professor of history to get it: 09/02/2005
- The date first appointed in government departments: 30.06.1992 / Anbar University
- Telephone number: 07903831507
- E-mail: dr.azmi.alrawi2013@gmail.com

Personal information:

- Place of birth: Anbar / Ana.
- Nationality: Iraq.
- Date of birth: 14/07/1961.
- Passport: Iraqis.
- Marital status: Married.
- Number of Children: (5)

Second: Qualifications			
class	University	state	Date obtained
Bachelor	Salahuddin / College of Science	Arbil, Iraq	1982/1983
Master	Yarmouk / College of Science	Irbid / Jordan	02/02/1992
Ph.D.	Mustansiriya / College of Science	Baghdad, Iraq	2/2/2002

The title of the thesis:

- On the temperature depends of ac- susceptibility for Fe₃₀₄ magnetic fluids.

Dissertation Title:

- Some applications of fractal modeling techniques to the digital images.

Third, functional expertise			
Function	And the workplace	Time period	
		From	to
Rapporteur of the Department of Physics	College of Education / University of Anbar	1994	1996
Head of Department of Computer Science	Faculty of Computer / Anbar University	01/12/2002e	06/28/2003
Associate Dean for Administrative Affairs	Faculty of Computer / Anbar University	06/29/2003	28/12/2005
Dean agency	Faculty of Computer / Anbar University	29/12/2005	15/4/2006
Head of the Department of Information Systems	Faculty of Computer / Anbar University	2/3/2007	1/10/2008
Associate Dean for Academic Affairs	Faculty of Computer / Anbar University	2/10/2008	7/3/2009
Dean agency	Faculty of Education Sciences Pure / Anbar University	8/3/2009	20/7/2010
Dean of authenticity	Faculty of Education Sciences Pure / Anbar University	20/7/2010 as it Diwani	(346) on 20/7/

Fourth, educational experiences and research interests		
1. teaching materials in the initial studies (BA):		
Subject Name	Chapter / year	Specialization
Mathematics	1992-1997	First physics / College of Education-first computers / Faculty of Computer
Electromagnetic	1992-1994	Fourth Physics / Faculty of Education
Quantum mechanics	1992-1993	Fourth Physics / Faculty of Education
Advanced Mathematics	1993-1995	Second Physics / Faculty of Education
Mechanical analytical	1994-1997	Third Physics / Faculty of Education
physics	1994	First Mechanical Engineering / Faculty of Engineering
heat	1997-1999	First Physics / Faculty of Education
Mathematics-Statistics-computer	1995-2002	First financial and banking / College of Knowledge Science University
Information Systems	2004-2009	Fourth financial and banking /

		College of Knowledge Science University
Image processing	2005-2009	Fourth Calculators / College of Knowledge Science University
Image processing	2004-2010	Fourth Computing / Computer Science
Information Technology	2007-2008	First information / Faculty of Computer Systems

Teaching materials in the graduate		
Subject Name	the classroom	Specialization
Statistical mechanics	First / 2005	Master of Physics
Mathematical Physics	First / 2010 and continuing	Master of Physics
Advanced Image Processing	First / 2005-2010	Master Computer
Signal processing	second / 2007-2009	Master Computer
Computing	First / 2010-2012	Master Physics + Chemistry Master

Supervision of Masters and PhDs		
1	Mustafa Ismail Khalil	Master Calculators / Faculty of Computer
2	Samia shamoon lazar	Master Calculators / Faculty of Computer
3	Reem Kassem Akram	Master Calculators / Faculty of Computer
4	Mahmoud Hilal Farhan	Master Calculators / Faculty of Computer
5	Firas Khalil Ibrahim	Master Calculators / Faculty of Computer
6	Dhea Ibrahim Ahmed	Master Calculators / Faculty of Computer
7	Saad Jassim Al-Anzi	Master Physics / Faculty of Education, Pure Sciences
8	Ibrahim qais al-Hiti	Master Physics / Faculty of Education, Pure Sciences
9	Mohammad Qasim Abdul Rahman	Master Physics / Faculty of Education, Pure Sciences

Takiam research
More than (60) discuss the Iraqi and Arab magazines (IT magazine) transactions and scientific promotions in all Iraqi university students and projects the winners of the student scientific conferences.

Scientific and Research Interests

- Research contracts with the Ministry of Higher Education and Scientific Research.

Contracts for advisory and training with state departments up to 12 held in the field of computers.

- khbayr Nknulogia in the Journal of information in Arabic, which is based in Jordan.

Member of Scientific Promotion Committee for the Faculty of Computer Science with the College / University of Anbar.

Participation of more than 20 committees to discuss messages (postgraduate) in Al-Anbar, Mosul universities, the University of Technology and the University of Baghdad.

- A scientific mission in Italy for Gps by UNESCO program for 3 months in 2006.
- Building Computer systems belonging to individuals and salaries and circuit breakers and committees exam, students and scientific curriculum for graduate students inside and outside of Iraq and the system of graduates of some state departments and faculties of the University of Anbar.

Member of the committee efficiency of computers exam and the issuance of the certificate in the Faculty of Computer / Anbar University

- rias Pure Sciences Advisory Office in the College of Education Sciences Pure / Anbar University.

Participation in the joint meeting between the Board of our faculty and the Faculty of Science / Syrian Baath University in the framework of the implementation of the agreement between the two universities in the field of scientific research and graduate studies and exchange of experiences in Homs in 2009.

Contribute to the development of graduate / master's degree in software engineering in the College of Computing and Mathematics / University of Mosul in 2008 by the Ministerial Committee and I am a member.

Contribute in Asthat graduate / PhD in Computer Science at the School of Computing and Mathematics / University of Mosul in 2008 by the Ministerial Committee and I am a member.

Participate and get a degree in quality assurance.

Specialized scientific conferences and symposia			
Conference Title	The conference venue	Conference Date	Nature of participation
The first scientific conference	College of Education / University of Anbar	1994	Search
Scientific Conference of the first information technology	Faculty of Computer / Anbar University	2004	Search and member of the Preparatory Committee
Scientific Conference of Information Technology	Technology University	2009	Search
Second Science Conference co-Pure	Faculty of Science, Faculty of Education, Pure Sciences and the College of Education for Girls / Anbar University	2012	Search and member of the Preparatory Committee
The first scientific conferences, II, III, IV and V students	Faculty of Education Sciences Pure / Anbar University	2009-2013	general supervisor
Scientific seminars by specialized seminars annually	Faculty of Education Sciences Pure / Anbar University	2009-2013	general supervisor

The published research
-4 Research published in the international scientific journals.
-8 Research published in the Iraqi scientific journals.
Seventh: Committees: more than 30 of the Commission on the university and college level and in the section committees
Exam, administrative, legal, receipt, rehabilitation and development.
Eighth: books thanks and appreciation:
20 writers and Acknowledgement of the heads of universities.
12 a letter of appreciation from the deans of the faculties and assistants.
2 letter of appreciation from other circles.
6 certificates of appreciation from the universities and other circles.
