

Ministry of Higher education and Scientific Research

UNIVERSITY OF ANBAR

COLLEGE OF EDUCATION FOR PURE SCIENCE

Department of physics

Department logo

Department of Physics

CATALOUGE

2022/2023

Vision

A scientific and educational department that seeks to lead in university education and scientific research locally and globally in a way that contributes to the service of society and achieve sustainable development

Mission

Excellence in the preparation of educators and researchers knowledgeable and practitioners and professional ethically committed by creating a stimulating environment and associate to the institutions of society

Programme Educational Objectives (CEOs)

Course Description

Courses are coded as follows:

1. Course code and number
2. Course title
3. Parenthesized numerals, e.g., (4-3-1-3), indicate, in order, the credit hours, the classroom hours (1 hour = 1 credit hour), tutorial hours (credit hour = 0), and the laboratory hours (3 hour = 1 credit hour).

Prerequisites, if any, are indicated at the course description. These have been established to assure an adequate and uniform background for students in advanced classes. Occasionally, students may feel they already have the appropriate background for an advanced course because of previous training, transfer credits, or Credit by examination.

Course Numbering System:

Course code = PHE (for example **PHE000** represents one of the course of department requirements in the mechanical engineering)

The CODE consists of specifically three to four english letters which represent the course code and three digits refers to the level as following:-

100-199: First level

200- 299: Second level

300-399: Third level

400-499: Fourth level

If the course is one of the college requirements then the first three or four letters on the course code represent the college code (for example EPS000 is college requirement in the College of Education for Pure Sciences)>

If the course is one of the university requirements then the first three or four letters on the course code represent the college university code (for example UOA000 is university requirement in any college).

Total credit hours of courses according to the adopted levels

Courses		Levels				Total
		First	Second	Third	Fourth	
University	Compulsory	-	-	-	-	-
	Elective	8	4	2	2	16
Total		8	2	-	-	10
College	Compulsory	4	6	4	8	22
