## 1. Program vision

This Programme Specification provides a concise summary of the main features of the programme and the learning outcomes that a typical student might reasonably be expected to achieve and demonstrate if he/she takes full advantage of the learning opportunities that are provided. It is supported by a specification for each course that contributes to the programme.

## 2. Program message

Working to prepare and graduate leading scientific and leadership competencies in the field of History and to develop the balance of knowledge in the field of scientific research in the field of History to serve the local, regional and international community, as well as training and refining the minds of students scientifically and cognitively, and emphasizing social and cultural values and responding to the requirements of the local market.

## 3. Program objectives

1- Preparing competent staff in the field of History in Iraq, regionally and globally.

2- Contributing to the development of cadres working in the field of History and its various branches in state institutions and departments

3- Spreading linguistic awareness and holding awareness seminars in this field.

4- Trying to deliver the material in the easiest ways, and spreading the culture of e-learning (distance learning)

5- Understanding the materials and clarifying them according to the vocabulary of the curriculum.

6- Use easy methods to deliver the material.

7- Understanding students' tendencies towards clarification, revealing and identifying individual differences, and trying to deal with them accurately.

<b>4. Programmatic accreditation</b>
Nothing

<b>5. Other external influences</b>
nothing

<b>6. Program structure</b>				
* comments	percentage	Study unit	Number of courses	Program structure
Basic course		45	45	Enterprise requirements
			Yes	College requirements
			Yes	Department requirements
			nothing	summer training
				Other

\*Notes may include whether the course is core or elective.

<b>7. Program description</b>				
Credit hours		Name of the course or course	Course or course code	Year/level
32	theoretical	Foundations of education	AA3414	The one / ۲۰۲۴-۲۰۲۳

<b>8. Expected learning outcomes of the program</b>	
Knowledge	
	<ul style="list-style-type: none"> <li>a. The student should know the principles of general education.</li> <li>B. That the student is able to know the foundations of education.</li> <li>C. For the student to be able to know</li> </ul>

	the schools of education throughout the ages. Dr.. That the student is able to apply the principles of education he has learned.
<b>Skills</b>	
	1 – Performance skills by involving the student in the lesson 2 - Social skills by opening a group .dialogue among students .3 - Application of the lesson by students .4 - Student self-assessments
<b>Value</b>	
	Using objective thinking and analysis for situations that require the use of historical analysis.,

<b>9. Teaching and learning strategies</b>
1 - developing the student's ability to deal with the Internet. 2 - developing the student's ability to deal with multiple means. 3 - developing the student's ability to dialogue and debate.

<b>10. Evaluation methods</b>
<ul style="list-style-type: none"> <li>• Active participation in the classroom, a guide to student commitment and responsibility.</li> <li>• Commitment to deadlines for submitting assignments and research.</li>   <li>• The quarterly and final exams express commitment and cognitive and skill achievement.</li> </ul>

<b>11. The teaching staff</b>					
<b>Faculty members</b>					
<b>Preparing the teaching staff</b>		<b>Special requirements/s (kills (if any</b>	<b>Specialization</b>		<b>Scientific rank</b>

## 1. Program vision

This Programme Specification provides a concise summary of the main features of the programme and the learning outcomes that a typical student might reasonably be expected to achieve and demonstrate if he/she takes full advantage of the learning opportunities that are provided. It is supported by a specification for each course that contributes to the programme.

## 2. Program message

Working to prepare and graduate leading scientific and leadership competencies in the field of History and to develop the balance of knowledge in the field of scientific research in the field of History to serve the local, regional and international community, as well as training and refining the minds of students scientifically and cognitively, and emphasizing social and cultural values and responding to the requirements of the local market.

## 3. Program objectives

1- Preparing competent staff in the field of History in Iraq, regionally and globally.

2- Contributing to the development of cadres working in the field of History and its various branches in state institutions and departments

3- Spreading linguistic awareness and holding awareness seminars in this field.

4- Trying to deliver the material in the easiest ways, and spreading the culture of e-learning (distance learning)

5- Understanding the materials and clarifying them according to the vocabulary of the curriculum.

6- Use easy methods to deliver the material.

7- Understanding students' tendencies towards clarification, revealing and identifying individual differences, and trying to deal with them accurately.

#### 4. Programmatic accreditation

Nothing

#### 5. Other external influences

nothing

#### 6. Program structure

* comments	percentage	Study unit	Number of courses	Program structure
Basic course		45	45	Enterprise requirements
			Yes	College requirements
			Yes	Department requirements
			nothing	summer training
				Other

\*Notes may include whether the course is core or elective.

#### 7. Program description

Credit hours		Name of the course or course	Course or course code	Year/level
32	theoretical	History of ancient Iraq	AA3414	The Two / 2024-2023

8. Expected learning outcomes of the program	
<b>Knowledge</b>	
	<p>A: Students learn about the importance of Asian history in the modern and contemporary era, its types, branches, and goals.</p> <p>B: Students learn about the role of studying history in their own lives through the topics it covers</p> <p>A: Making students have the ability to use the topics and concepts taught to them in their professional lives after they graduate and practice the teaching profession.</p>
<b>Skills</b>	
	<p>1 – Performance skills by involving the student in the lesson</p> <p>2 - Social skills by opening a group .dialogue among students</p> <p>.3 - Application of the lesson by students</p> <p>.4 - Student self-assessments</p>
<b>Value</b>	
	Using objective thinking and analysis for situations that require the use of historical analysis.

9. Teaching and learning strategies
<p>1 - developing the student's ability to deal with the Internet.</p> <p>2 - developing the student's ability to deal with multiple means.</p> <p>3 - developing the student's ability to dialogue and debate.</p>

10. Evaluation methods
<ul style="list-style-type: none"> <li>• Active participation in the classroom, a guide to student commitment and responsibility.</li> <li>• Commitment to deadlines for submitting assignments and research.</li>   <li>• The quarterly and final exams express commitment and cognitive and skill achievement.</li> </ul>

11. The teaching staff						
Faculty members						
Preparing the teaching staff		Special requirements/s (kills (if any		Specialization		Scientific rank
the permanent	personnel			private	general	
the permanent	personnel			History is recent	History is recent	

Professional development
Orienting new faculty members
Professional development for faculty members

12. Acceptance criterion
<p>The standard used is the student (average)            But it is preferable to take into account (the student's desire) to choose, even if this is impossible in choosing the college, but at least that is taken when choosing between departments because it is a very important matter on which the future of the entire student depends.</p>

13. The most important sources of information about the program
<p>Taha Baqir, 1973, Introduction to the History of Ancient Civilizations, Part One, .) Baghdad</p> <p>Taha Baqir and Fadel Abdul Wahid Ali, 1980, History of Ancient Iraq, Part One, .) .University of Baghdad</p>

14. Program development plan
<p>Trying to link study topics to the actual work reality by activating the skills of using objective thinking and analysis, and working to increase awareness of the e-learning process and enhance self-confidence, in addition to increasing computer culture and knowledge.</p>

<b>Professional development for faculty members</b>

<b>12. Acceptance criterion</b>
The standard used is the student (average) But it is preferable to take into account (the student's desire) to choose, even if this is impossible in choosing the college, but at least that is taken when choosing between departments because it is a very important matter on which the future of the entire student depends.

<b>13. The most important sources of information about the program</b>
Emir Muhammad Amin and Muhammad Tawfiq Hussein, European History in the Middle Ages

<b>14. Program development plan</b>
Trying to link study topics to the actual work reality by activating the skills of using objective thinking and analysis, and working to increase awareness of the e-learning process and enhance self-confidence, in addition to increasing computer culture and knowledge.

## Course description form

Week	Hours	ILOs	Unit/Module or Topic Title	Teaching Method	Assessment Method
the first	2	Receptivity and understanding	General psychology... its definition and importance	The lecture	Oral and written tests
The second	2	Receive and discuss	Research methods and methods in psychology	The lecture	Oral and written tests
the third	2	Receive and discuss	Objectives of general psychology	The lecture	Exams
the fourth	2	Receive and discuss	Behavior and factors affecting it	The lecture	Real-time tests
Fifth	2	Receive and discuss	Motives: innate and acquired motives	The lecture	the exams
VI	2	Receive and discuss	Emotions: their definition and types	The lecture	daily exams
Seventh	2	Receive and discuss	Theories of interpreting emotions	The lecture	Oral and written tests
VIII	2	Receive and discuss	Psychological trends... their definition and elements	The lecture	Oral and written exams
The ninth	2	Receive and discuss	Attention, its nature and types	The lecture	Exams
The tenth	2	Receive and discuss	Sensory perception	The lecture	the exams
eleventh	2	Receive and discuss	Sensory perception processes	The lecture	the exams
twelveth	2	Receive and discuss	Factors affecting sensory perception	The lecture	Exams
Thirteenth	2	Receive and discuss	Cognitive mental processes	The lecture	Oral and written tests
fourteenth	2	Receive and discuss	Remembering and forgetting	The lecture	Oral and written tests
Fifteenth	2	Receive and discuss	Thinking... Reasoning... Creativity	The lecture	Exams

## 1. Program vision

This Programme Specification provides a concise summary of the main features of the programme and the learning outcomes that a typical student might reasonably be expected to achieve and demonstrate if he/she takes full advantage of the learning opportunities that are provided. It is supported by a specification for each course that contributes to the programme.

## 2. Program message

Working to prepare and graduate leading scientific and leadership competencies in the field of History and to develop the balance of knowledge in the field of scientific research in the field of History to serve the local, regional and international community, as well as training and refining the minds of students scientifically and cognitively, and emphasizing social and cultural values and responding to the requirements of the local market.

## 3. Program objectives

1- Preparing competent staff in the field of History in Iraq, regionally and globally.

2- Contributing to the development of cadres working in the field of History and its various branches in state institutions and departments

3- Spreading linguistic awareness and holding awareness seminars in this field.

4- Trying to deliver the material in the easiest ways, and spreading the culture of e-learning (distance learning)

5- Understanding the materials and clarifying them according to the vocabulary of the curriculum.

6- Use easy methods to deliver the material.

7- Understanding students' tendencies towards clarification, revealing and identifying individual differences, and trying to deal with them accurately.

#### 4. Programmatic accreditation

Knowledge	
	-A: Students learn about the importance of the history of Andalusia as part of the history of the Arab Islamic state B: Students become familiar with the role of the history of Andalusia because it is a history that includes

	<p>more than 800 years from the year 92 AH to 897 AH through the topics it covers.</p> <p>A: Making students have the ability to use the topics and concepts that were taught to them through pictures that show them the cultural landmarks in Andalusia</p>
<b>Skills</b>	
	<p>1 – Performance skills by involving the student in the lesson</p> <p>2 - Social skills by opening a group .dialogue among students</p> <p>.3 - Application of the lesson by students</p> <p>.4 - Student self-assessments</p>
<b>Value</b>	
	Using objective thinking and analysis for situations that require the use of historical analysis.

<b>9. Teaching and learning strategies</b>
<p>1 - developing the student's ability to deal with the Internet.</p> <p>2 - developing the student's ability to deal with multiple means.</p> <p>3 - developing the student's ability to dialogue and debate.</p>

<b>10. Evaluation methods</b>
<ul style="list-style-type: none"> <li>• Active participation in the classroom, a guide to student commitment and responsibility.</li> <li>• Commitment to deadlines for submitting assignments and research.</li>   <li>• The quarterly and final exams express commitment and cognitive and skill achievement.</li> </ul>

<b>11. The teaching staff</b>			
<b>Faculty members</b>			
<b>Preparing the teaching staff</b>	<b>Special requirements/s (kills (if any</b>	<b>Specialization</b>	<b>Scientific rank</b>

the permanent	<b>personnel</b>			<b>private</b>	<b>general</b>	
the permanent	personnel			History of Andalusia	Islamic history	prof

<b>Professional development</b>
<b>Orienting new faculty members</b>
<b>Professional development for faculty members</b>

<b>12. Acceptance criterion</b>
The standard used is the student (average) But it is preferable to take into account (the student's desire) to choose, even if this is impossible in choosing the college, but at least that is taken when choosing between departments because it is a very important matter on which the future of the entire student depends.

<b>The most important sources of information about the program</b> .١٣
History of the Umayyad Caliphate - Muhammad Suhail Taqoush Rashid Abdullah Al-Jumaili - The Umayyad dynasty

<b>14. Program development plan</b>
Trying to link study topics to the actual work reality by activating the skills of using objective thinking and analysis, and working to increase awareness of the e-learning process and enhance self-confidence, in addition to increasing computer culture and knowledge.

Thirteenth	2	Receive and discuss	Andalusia in the era of the Kingdom of Granada and the reason for its steadfastness.	The lecture	Oral and written tests
fourteenth	2	Receive and discuss	The cultural aspect of the Kingdom of Granada	The lecture	Oral and written tests
Fifteenth	2	Receive and discuss	The final test	The lecture	Exams

## 1. Program vision

This Programme Specification provides a concise summary of the main features of the programme and the learning outcomes that a typical student might reasonably be expected to achieve and demonstrate if he/she takes full advantage of the learning opportunities that are provided. It is supported by a specification for each course that contributes to the programme.

## 2. Program message

Working to prepare and graduate leading scientific and leadership competencies in the field of History and to develop the balance of knowledge in the field of scientific research in the field of History to serve the local, regional and international community, as well as training and refining the minds of students scientifically and cognitively, and emphasizing social and cultural values and responding to the requirements of the local market.

## 3. Program objectives

1- Preparing competent staff in the field of History in Iraq, regionally and globally.

2- Contributing to the development of cadres working in the field of History and its various branches in state institutions and departments

3- Spreading linguistic awareness and holding awareness seminars in this field.

4- Trying to deliver the material in the easiest ways, and spreading the culture of e-learning (distance learning)

5- Understanding the materials and clarifying them according to the vocabulary of the curriculum.

6- Use easy methods to deliver the material.

7- Understanding students' tendencies towards clarification, revealing and identifying individual differences, and trying to deal with them accurately.

#### 4. Programmatic accreditation

Nothing

#### 5. Other external influences

nothing

#### 6. Program structure

fourteenth	2	Receive and discuss	<b>Wars with Austria</b>	The lecture	Oral and written tests
Fifteenth	2	Receive and discuss	<b>The final test</b>	The lecture	Exams

## 1. Program vision

This Programme Specification provides a concise summary of the main features of the programme and the learning outcomes that a typical student might reasonably be expected to achieve and demonstrate if he/she takes full advantage of the learning opportunities that are provided. It is supported by a specification for each course that contributes to the programme.

## 2. Program message

Working to prepare and graduate leading scientific and leadership competencies in the field of History and to develop the balance of knowledge in the field of scientific research in the field of History to serve the local, regional and international community, as well as training and refining the minds of students scientifically and cognitively, and emphasizing social and cultural values and responding to the requirements of the local market.

## 3. Program objectives

- 1- Preparing competent staff in the field of History in Iraq, regionally and globally.
- 2- Contributing to the development of cadres working in the field of History and its various branches in state institutions and departments
- 3- Spreading linguistic awareness and holding awareness seminars in this field.
- 4- Trying to deliver the material in the easiest ways, and spreading the culture of e-learning (distance learning)
- 5- Understanding the materials and clarifying them according to the vocabulary of the curriculum.
- 6- Use easy methods to deliver the material.
- 7- Understanding students' tendencies towards clarification, revealing and identifying individual

differences, and trying to deal with them accurately.

#### 4. Programmatic accreditation

the third	2	Receive and discuss	Popular resistance to the Mongol occupation	The lecture	Exams
the fourth	2	Receive and discuss	Al-Jalairi rule of Iraq 1335-1411	The lecture	Real-time tests
Fifth	2	Receive and discuss	alhamlat almaghuliat althaaniat biqiadat timurlinik	The lecture	the exams
VI	2	Receive and discuss	hakm 'usrati alqaruh quickly walk quietly 1411_1508	The lecture	daily exams
Seventh	2	Receive and discuss	al hokm alsafawiu fi aleiraq al awal 1508_1534	The lecture	Oral and written tests
VIII	2	Receive and discuss	nash'at aldawlat alsafwiat waleuthmania	The lecture	Oral and written exams
The ninth	2	Receive and discuss	_alsirae aleuthmanii _ alsafawi waineikasatiha ealaa aleiraq	The lecture	Exams
The tenth	2	Receive and discuss	_al'iidarat aleuthmaniat fi aleiraq	The lecture	the exams
eleventh	2	Receive and discuss	_hamlat sulayman alqanunii ealaa aleiraq eam 1534 al'asbab walnatayij	The lecture	the exams
twelveth	2	Receive and discuss	almueahadat aleuthmaniat _ alsafwiat wataswiat mashakilihima fi aleiraqi	The lecture	Exams
Thirteenth	2	Receive and discuss	ainqilab bakr swbashi fi al iraq 1623 al asbab w natayij	The lecture	Oral and written tests
fourteenth	2	Receive and discuss	muabannhadat alzihab eam 1639	The lecture	Oral and written tests
Fifteenth	2	Receive and discuss	al 'awdae aleamat lileiraq lilmudat 1639_1704	The lecture	Exams

## 1. Program vision

This Programme Specification provides a concise summary of the main features of the programme and the learning outcomes that a typical student might reasonably be expected to achieve and demonstrate if he/she takes full advantage of the learning opportunities that are provided. It is supported by a specification for each course that contributes to the programme.

## 2. Program message

Working to prepare and graduate leading scientific and leadership competencies in the field of History and to develop the balance of knowledge in the field of scientific research in the field of History to serve the local, regional and international community, as well as training and refining the minds of students scientifically and cognitively, and emphasizing social and cultural values and responding to the requirements of the local market.

## 3. Program objectives

1- Preparing competent staff in the field of History in Iraq, regionally and globally.

2- Contributing to the development of cadres working in the field of History and its various branches in state institutions and departments

3- Spreading linguistic awareness and holding awareness seminars in this field.

4- Trying to deliver the material in the easiest ways, and spreading the culture of e-learning (distance learning)

5- Understanding the materials and clarifying them according to the vocabulary of the curriculum.

6- Use easy methods to deliver the material.

7- Understanding students' tendencies towards clarification, revealing and identifying individual differences, and trying to deal with them accurately.

<b>4. Programmatic accreditation</b>
Nothing

<b>5. Other external influences</b>
nothing

<b>6. Program structure</b>				
<b>* comments</b>	<b>percentage</b>	<b>Study unit</b>	<b>Number of courses</b>	<b>Program structure</b>
Basic course		45	45	Enterprise requirements
			Yes	College requirements
			Yes	Department requirements
			nothing	summer training
				Other

\*Notes may include whether the course is core or elective.

<b>7. Program description</b>				
<b>Credit hours</b>		<b>Name of the course or course</b>	<b>Course or course code</b>	<b>Year/level</b>
32	<b>theoretical</b>	The History of Modern Iraq 1258-1914	AA3414	The Two / 2024-2023

<b>8. Expected learning outcomes of the program</b>
Knowledge

	taeraf altalabat ealaa ahimiat eilm altaarikh eamatan watarikh aleiraq alhadith khasatan fi hayaatihim alkhasat min khilal almawdueat alati yatanawaluha wajaalahum ladayhim alqudrat ealaa aistikhdam almawdueat w almafahim alati tama tadrisuha lahum fi hayaatihim almihniat baed takharujihim wamumarasat mihnata aladris , watanmiat maharat alnaqd aleilmii tashjie maharat altafikir alnaaqid ladaa altalabat fi albahth aleilmii w tanmiat maharat altafikir aleilmii w tanmiat maharat alhiwar walmunaqasha .
<b>Skills</b>	
	1 – Performance skills by involving the student in the lesson 2 - Social skills by opening a group .dialogue among students .3 - Application of the lesson by students .4 - Student self-assessments
<b>Value</b>	
	Using objective thinking and analysis for situations that require the use of historical analysis..

### 9. Teaching and learning strategies

- 1 - developing the student's ability to deal with the Internet.
- 2 - developing the student's ability to deal with multiple means.
- 3 - developing the student's ability to dialogue and debate.

### 10. Evaluation methods

- Active participation in the classroom, a guide to student commitment and responsibility.
- Commitment to deadlines for submitting assignments and research.
- The quarterly and final exams express commitment and cognitive and skill achievement.

### 11. The teaching staff

Faculty members						
Preparing the teaching staff		Special requirements/s (kills (if any		Specialization		Scientific rank
the permanent	personnel			private	general	
the permanent	personnel			History is recent	History is recent	

Professional development
Orienting new faculty members
Professional development for faculty members

12. Acceptance criterion
The standard used is the student (average) But it is preferable to take into account (the student's desire) to choose, even if this is impossible in choosing the college, but at least that is taken when choosing between departments because it is a very important matter on which the future of the entire student depends.

13. The most important sources of information about the program
Enas Saadi Abdullah, Modern History of Iraq 1258-1914

14. Program development plan
Trying to link study topics to the actual work reality by activating the skills of using objective thinking and analysis, and working to increase awareness of the e-learning process and enhance self-confidence, in addition to increasing computer culture and knowledge.

### 9. Teaching and learning strategies

- 1 - developing the student's ability to deal with the Internet.
- 2 - developing the student's ability to deal with multiple means.
- 3 - developing the student's ability to dialogue and debate.

### 10. Evaluation methods

- Active participation in the classroom, a guide to student commitment and responsibility.
- Commitment to deadlines for submitting assignments and research.
- The quarterly and final exams express commitment and cognitive and skill achievement.

### 11. The teaching staff

**Faculty members**

Preparing the teaching staff		Special requirements/s (kills (if any		Specialization		Scientific rank
the permanent	personnel			private	general	
the permanent	personnel			History of Andalusia	Islamic history	

<b>Professional development</b>
<b>Orienting new faculty members</b>
<b>Professional development for faculty members</b>

<b>12. Acceptance criterion</b>
The standard used is the student (average) But it is preferable to take into account (the student's desire) to choose, even if this is impossible in choosing the college, but at least that is taken when choosing between departments because it is a very important matter on which the future of the entire student depends.

<b>13. The most important sources of information about the program</b>
Philosophy of History - Hashem Yahya Al-Mallah

<b>14. Program development plan</b>
Trying to link study topics to the actual work reality by activating the skills of using objective thinking and analysis, and working to increase awareness of the e-learning process and enhance self-confidence, in addition to increasing computer culture and knowledge.

Thirteenth	2	Receive and discuss	The relationship between science, philosophy and history	The lecture	Oral and written tests
fourteenth	2	Receive and discuss	Social perspective of history	The lecture	Oral and written tests
Fifteenth	2	Receive and discuss	The final test	The lecture	Exams

## 1. Program vision

This Programme Specification provides a concise summary of the main features of the programme and the learning outcomes that a typical student might reasonably be expected to achieve and demonstrate if he/she takes full advantage of the learning opportunities that are provided. It is supported by a specification for each course that contributes to the programme.

## 2. Program message

Working to prepare and graduate leading scientific and leadership competencies in the field of History and to develop the balance of knowledge in the field of scientific research in the field of History to serve the local, regional and international community, as well as training and refining the minds of students scientifically and cognitively, and emphasizing social and cultural values and responding to the requirements of the local market.

## 3. Program objectives

1- Preparing competent staff in the field of History in Iraq, regionally and globally.

2- Contributing to the development of cadres working in the field of History and its various branches in state institutions and departments

3- Spreading linguistic awareness and holding awareness seminars in this field.

4- Trying to deliver the material in the easiest ways, and spreading the culture of e-learning (distance learning)

5- Understanding the materials and clarifying them according to the vocabulary of the curriculum.

6- Use easy methods to deliver the material.

7- Understanding students' tendencies towards clarification, revealing and identifying individual differences, and trying to deal with them accurately.

<b>4. Programmatic accreditation</b>
Nothing

<b>5. Other external influences</b>
nothing

<b>6. Program structure</b>

<b>Professional development</b>
<b>Orienting new faculty members</b>
<b>Professional development for faculty members</b>

**12. Acceptance criterion**

The standard used is the student (average)  
But it is preferable to take into account (the student's desire) to choose, even if this is impossible in choosing the college, but at least that is taken when choosing between departments because it is a very important matter on which the future of the entire student depends.

**13. The most important sources of information about the program**

The Contemporary World Between Two Wars 19-91 - Muhammad Al Tuwarish .

History of the Contemporary World - Ismail Ahmed Yaghi

The contemporary world and international conflicts - Abdul Khalif Abdullah

**14. Program development plan**

Trying to link study topics to the actual work reality by activating the skills of using objective thinking and analysis, and working to increase awareness of the e-learning process and enhance self-confidence, in addition to increasing computer culture and knowledge.

## Course description form

Week	Hours	ILOs	Unit/Module or Topic Title	Teaching Method	Assessment Method
the first	2	Receptivity and understanding	Practical education in teacher preparation programs	The lecture	Oral and written tests
The second	2	Receive and discuss	Fundamentals of viewing. Types of viewing	The lecture	Oral and written tests
the third	2	Receive and discuss	Application/calendar types	The lecture	Exams
the fourth	2	Receive and discuss	Calendar purposes	The lecture	Real-time tests
Fifth	2	Receive and discuss	Watching and its importance. Always watch	The lecture	the exams
VI	2	Receive and discuss	The viewing process and how to configure a window analysis process	The lecture	daily exams
Seventh	2	Receive and discuss	A mechanism for interaction between parties in the viewing process	The lecture	Oral and written tests
VIII	2	Receive and discuss	Planning (setting educational goals and behavioral goal conditions)	The lecture	Oral and written exams
The ninth	2	Receive and discuss	A field visit to schools for the purpose of viewing	The lecture	Exams
The tenth	2	Receive and discuss	Each student writes a report	The lecture	the exams
eleventh	2	Receive and discuss	Its application lessons are performed by the student	The lecture	the exams
twelveth	2	Receive and discuss	Its application lessons are performed by the student	The lecture	Exams
Thirteenth	2	Receive and discuss	Its application lessons are performed by the student	The lecture	Oral and written tests
fourteenth	2	Receive and discuss	Its application lessons are performed by the student	The lecture	Oral and written tests
Fifteenth	2	Receive and discuss	Its application lessons are performed by the student	The lecture	Exams

## 1. Program vision

This Programme Specification provides a concise summary of the main features of the programme and the learning outcomes that a typical student might reasonably be expected to achieve and demonstrate if he/she takes full advantage of the learning opportunities that are provided. It is supported by a specification for each course that contributes to the programme.

## 2. Program message

Working to prepare and graduate leading scientific and leadership competencies in the field of History and to develop the balance of knowledge in the field of scientific research in the field of History to serve the local, regional and international community, as well as training and refining the minds of students scientifically and cognitively, and emphasizing social and cultural values and responding to the requirements of the local market.

## 3. Program objectives

1- Preparing competent staff in the field of History in Iraq, regionally and globally.

2- Contributing to the development of cadres working in the field of History and its various branches in state institutions and departments

3- Spreading linguistic awareness and holding awareness seminars in this field.

4- Trying to deliver the material in the easiest ways, and spreading the culture of e-learning (distance learning)

5- Understanding the materials and clarifying them according to the vocabulary of the curriculum.

6- Use easy methods to deliver the material.

7- Understanding students' tendencies towards clarification, revealing and identifying individual differences, and trying to deal with them accurately.

<b>4. Programmatic accreditation</b>

### 11. The teaching staff

#### Faculty members

Preparing the teaching staff		Special requirements/s (kills (if any		Specialization		Scientific rank
the permanent	personnel			private	general	
the permanent	personnel			History is recent	History is recent	prof

#### Professional development

#### Orienting new faculty members

<b>Professional development for faculty members</b>

<b>12. Acceptance criterion</b>
---------------------------------

<p>The standard used is the student (average) But it is preferable to take into account (the student's desire) to choose, even if this is impossible in choosing the college, but at least that is taken when choosing between departments because it is a very important matter on which the future of the entire student depends.</p>
---

<b>13. The most important sources of information about the program</b>
--

<p>The Contemporary World Between Two Wars 19-91 - Muhammad Al Tuwarish .</p>
---

<p>History of the Contemporary World - Ismail Ahmed Yaghi</p>
---

<p>The contemporary world and international conflicts - Abdul Khalif Abdullah</p>
---

<b>14. Program development plan</b>
-------------------------------------

<p>Trying to link study topics to the actual work reality by activating the skills of using objective thinking and analysis, and working to increase awareness of the e-learning process and enhance self-confidence, in addition to increasing computer culture and knowledge.</p>
