## 7. Expected learning outcomes of the program

### Knowledge

Learning outcomes 1	Learning outcomes statement 1
---------------------	-------------------------------

### Skills

Learning outcomes 2	Learning outcomes statement 2
---------------------	-------------------------------

Learning outcomes 3	Learning outcomes statement 3
---------------------	-------------------------------

### Ethics

Learning outcomes 4	Learning outcomes statement 4
Learning outcomes 5	Learning outcomes statement 5

### 8. Teaching and Learning Strategies

Teaching and Learning Strategies and methods adopted in the implementation of the program in general.

### 9. Evaluation methods

Implemented at all stages of the program in general.

### 10. Faculty

#### Faculty Members

Academic Rank	Specialization		Special Requirements/Skills (if applicable)		Number of the teaching staff	
	General	Special			Staff	Lecturer

#### Professional Development

##### Mentoring new faculty members

Briefly describe the process used to mentor new, visiting, full-time, and part-time faculty at the institution and department level.

##### Professional development of faculty members

Briefly describe the academic and professional development plan and arrangements for faculty such as teaching and learning strategies, assessment of learning outcomes, professional development, etc.

### 11. Acceptance Criterion

(setting regulations related to enrollment in the college or institute, whether central admission or others)

**12. The most important sources of information about the program**

State briefly the source of information about the program.

**13. Program Development Plan**

<b>10. Course Structure</b>					
Week	Hours	Required Learning Outcomes	Unit or subject name	Learning method	Evaluation method
1	14/9		Run WordPress 2010 File Tab, Software Interfaces		theoretical & practical
2	21/9		Home tab, portfolio s font and paragraph		theoretical & practical
3	28/9		Styles Set, Editing Set		theoretical &

			Tab and Page Layout		practical
4	5/10		Format set, page set and page background		theoretical & practical
5	12/1		Paragraph Set and Display Order and Tabulation Set, Document Display Methods Set		theoretical & practical
6	19/1		zoom and window zoom kit, help instructions		theoretical & practical
7	26/1		Chapter II/Tab Inclusion, Page Set, Table Set Table Tab Table Tools, Table Design Tab and Planning Tab		theoretical & practical
8	2/11		First semester first month exam		theoretical & practical
9	9/11		Graphics Set, Photo Tools, Association Set		theoretical & practical
10	16/1		Header Group, Appendix, Text Set and Symbol Set		theoretical & practical
11	23/1		Chapter III/Additional tasks for Microsoft Word, references, tables of contents and footnote set		theoretical & practical
12	30/1		Source Table Set, Tab Design and Layout		theoretical & practical
13	7/12		Field Writing & Insertion Group and Results Preview Group		theoretical & practical
14	14/1		Tab Review, Audit, Language, Comments Set, Tracker Set		theoretical & practical
15	21/1		Second Month Examination First Semester		theoretical & practical
16	28/1		Chapter IV Port Point Run It, Software Interfaces and File Tab		theoretical & practical
17	4/2		Open presentation file save new, save presentation invento in other formats Ope presentation invento		theoretical & practical

			close display, print slides on paper and t main row		
18	11/2		Page setting, format and background tab slideshow and recording for Port Po slides		theoretical & practical
19	18/2		Tab Display, Presentation Display and Main Display Set		theoretical & practical
20	25/2		Display Group, Zoom Group and Window S		theoretical & practical
21	3/3		Chapter V/Insert objects, add movements, add shapes, sketch set an edit		theoretical & practical
22	10/3		Tab Listing, Table Set Photo Set, Illustration Set, Associations, Collection, Text, Code Add Movements for Slides, Bodies, Transf Tab, Preview Set and Transfer Group to Sli		theoretical & practical
23	17/3		First Month Examination Second Semester		theoretical & practical
24	24/3		Chapter 1 Exempt its operation, software interfaces and importance, activate effective cells and tal file		theoretical & practical
25	31/3		Home Tab Totals Inse and plan page and formats and view		theoretical & practical
26	4/4		Line set, alignment, numbers, patterns, c and editing		theoretical & practical
27	11/4		Insert tables, illustrations, charts, text, symbols, format page setting, paper options and resizing		theoretical & practical
28	18/4		Learn about Dalat Library, Audit,		theoretical & practical

			Calculation, Sorting and Filtering	
29	28/4		Display, Display, Zoom and Window	theoretical & practical
30	9/5		Second Month Examination Second Semester	theoretical & practical

## Course Description

1. Course Name:	
Arab Islamic political thought	
2. Course Code:	
433 CIPT	
3. Semester / Year:	
2023-2024	
4. Description Preparation Date:	
update 3/3/2024	
5. Available Attendance Forms:	
6. Number of Credit Hours (Total) / Number of Units (Total)	
60	
7. Course administrator's name (mention all, if more than one name)	
Name: Dr. Mustafa Jaber Fayadh Al-Alwani. Email: <a href="mailto:mustafa.alwani@uoanbar.edu.iq">mustafa.alwani@uoanbar.edu.iq</a>	
8. Course Objectives	
<p><b>Course Objectives</b></p>	<p>First: The subject of "political thought" is a basic subject, and is linked to the basis of the study of all four major branches of political science and their complex branches is to be hoped; The student should be provided with objective knowledge keys to understand the political phenomena, and introduce him to the concepts, issues, problems and relations that occupied political thinking, and the stages of their development in different eras and in the various civilization fields "different levels".</p> <p>Second: Enabling the student to be proficient in dealing with the references to the material, learning how to use them, and the mechanism of extracting information, and getting used to the spirit of criticism of thought within the framework of: Evaluation and weighing what is read, which thus develops the capabilities of: Measurement - comparison</p>

and approach - evaluation a correction; What is contemporary to him; of the various intellectual products with the need to link thought and its environment, and to realize the mutual influence between them.

Third: To contribute to the student to feel the reality of his belonging to the human community as a whole, so that he feels that he is part of the human existence, which requires him to recognize the accumulation of human knowledge, and the solidarity of efforts, including intellectual and mental efforts which are collectively the cultural product of all mankind, and through its successive historical stages. the memory of human and Arab-Islamic history, in particular, as a record of human civilization, as a witness to human civilization and recognizing the importance of contributing to this by its mental capacities, within the framework of its country at the national level and within the framework of its species at the human level as a whole; Without exception and without exception; Without distinguishing between us; And others.

Fourth: The student should be aware that the trends in studies are classified according to the views and convictions of the researchers, and are therefore subject to variation in number, description and end and even the student himself can; Attempt to reclass

political intellectual currents; System, but systems; Each of them is linked to the classification standard, which justifies them.

### 9. Teaching and Learning Strategies

<b>Strategy</b>	<p>First: The subject of "political thought" is a basic subject, and is linked to the basis of the study of all four major branches of political science, and their complex branches; It is to be hoped; The student should be provided with objective knowledge keys to understand the political phenomena, and introduce him to the concepts, issues, problems and relations that occupied political thinking, and the stages of their development in different eras, and in the various civilizational fields "different levels".</p> <p>Second: Enabling the student to be proficient in dealing with the references to the material, learning how to use them, and the mechanisms of extracting information, and getting used to the spirit of criticism of thought within the framework of: Evaluation and weighing what is read, which thus develops the capabilities of: Measurement - comparison and approach - evaluation and correction; What is contemporary to him; of the various intellectual products, with the need to link thought and its environment, and to realize the mutual influence between them.</p> <p>Third: To contribute to the student to feel the reality of his belonging to the human community as a whole, so that he feels that he is part of the human existence, which requires him to recognize the accumulation of human knowledge, and the solidarity of efforts, including intellectual and mental efforts, which are collectively the cultural product of all mankind and through its successive historical stages. the memory of human and Arab-Islamic history, in particular, as a record of human civilization, as a witness to human civilization, and recognizing the importance of contributing to this by its mental capacities, within the framework of its country at the national level and within the framework of its species at the human level as a whole; Without exception and without exception; Without distinguishing between us; And others.</p> <p>Fourth: The student should be aware that the trends he studies are classified according to the views and convictions of the researchers, and are therefore subject to variation, number, description and entry, and even the student himself can; Attempt to reclassify political intellectual currents; System, but systems; Each of them is linked to the classification standard, which justifies them.</p>
