College of Education for Women

Department of History

Scientific Guide

2020-2021

Vision, mission and goals of the History Department

– Introduction: The Department of History is considered one of the oldest departments that were opened in the college since 1987. The department has a respected faculty of both genders in various history specializations and has academic titles that made it qualified to open master’s graduate studies. The number of female master’s students for this year reached 6 female students. There are 570 female bachelor’s students. This confirms the importance of the department in providing appropriate personnel to serve the community.

1-1 Vision :

Providing educational and consulting services in line with the requirements of the scientific renaissance and advanced methods.

1-2 the message:

Achieving leadership in providing specialized scientific knowledge services in the scientific and humanitarian fields through graduating scientifically and educationally qualified staff and actively contributing to theoretical research to support the aspirations of community institutions in achieving their goals and supporting the national vision for reform and development.

1–3 Objectives of the academic educational program:

- **Providing female students with high–quality educational and training services that increase their competitive capabilities in the field of work.**
- **Preparing female teachers with the level of competence and ability to provide schools with the history teachers they need**
- **Training female researchers in history with qualifications to complete higher levels of education (Master’s/PhD)**
- **Providing female students with basic skills in teaching history in different eras**
