

السيرة الذاتية

الاسم : مشتاق طالب صالح ندا العكيلي

اولا : معلومات عامة:-

١.العنوان :

- العمل : عميد كلية الصيدلة
- التخصص العام : دكتوراه – احياء مجهرية طبية
- التخصص الدقيق:- بايولوجي جزيئي
- الدرجة العلمية : استاذ مساعد
- نقال : 00964-783 001 4212
- البريد الالكتروني : dr.mushtak_72@yahoo.com

٢.معلومات شخصية

الجنسية : عراقي
جواز السفر: G2351359
عدد الأطفال : ٤

مكان الولادة : الرمادي
تاريخ الولادة : ١٩٧٢/٤/٢٢
الحالة الاجتماعية : متزوج

ثانيا : المؤهلات العلمية :-			
تاريخ الحصول عليها	الدولة	الجامعة	الدرجة
1994	العراق	الانبار	بكلوريوس
1999	العراق	الانبار	ماجستير
2007	العراق	بغداد	دكتوراه

عنوان رسالة الماجستير :

Quantitative susceptibility test for antimicrobial agents against Pseudomonas aeruginosa obtained from Saddam General Hospital in Ramadi. M.Sc. thesis. College of Medicine, University of Al-Anbar, 1999.

عنوان رسالة الدكتوراه :

Molecular, bacteriological and immunological aspects in the diagnosis of human brucellosis. A thesis submitted to the College of Medicine-Baghdad University or the degree of doctor of philosophy in Medical Microbiology. Supervised by Prof. Dr. Rassool Al-Dabbagh and Ass. Prof. Dr. Salah Noori Al-Anii, 2006.

ثالثاً:-التدرج الوظيفي :-

الفترة الزمنية		مكان العمل	الوظيفة
الي	من		
2002	2001	University of Al-Anbar	Decision maker of Department of Pharmacology Department .
2004	2002	University of Al-Anbar	Decision maker of Department of Microbiology Department
2006	2004	University of Al-Anbar	Co-Dean/College of medicine-University of Al-Anbar, Iraq
2006	2006	University of Al-Anbar	Co-Dean/College of medicine-University of Al-Anbar, Iraq
2011	2009	University of Al-Anbar	Head of Department of Microbiology, College of Medicine
2012	2011	University of Al-Anbar	Head of Promotion Committee for College of Medicine and College of Dentistry
2012	2000	University of Al - Anbar	Teaching staff member in the Department of Microbiology, College of Medicine
7/2/2012	15/8/2011	University of Al-Anbar	Co-Dean of College of Pharmacy for administrative affairs
Till now	2012	University of Al-Anbar	Dean of College of Pharmacy

رابعاً : الخبرات التعليمية والاهتمامات البحثية :		
١. تدريس المواد في الدراسات الأولية(البكالوريوس):		
التخصص	الفصل/السنة	اسم المادة
Bacteriology	منذ ٢٠٠٠ ولغاية ٢٠١٢	<i>Teaching theoretical and practical lectures of Bacteriology for third year students at College of Medicine University of Al-Anbar.</i>
Immunology	منذ ٢٠٠٠ ولغاية ٢٠١٢	<i>Teaching theoretical and practical lectures of Immunology for third year students at College of Medicine, University of Al-Anbar .</i>
Microbiology	منذ ٢٠٠٠ ولغاية ٢٠٠٢	<i>Teaching theoretical and practical lectures of antimicrobial agents in the field of Pharmacology for third year students at College of Medicine, University of Al-Anbar .</i>
Biology	منذ ٢٠١٠ ولغاية الان	<i>Teaching theoretical and practical lectures of medical biology/Molecular genetics for 1st year students at College of Medicine, University of Anbar</i>
Microbiology	منذ ٢٠١٢ ولغاية الان	<i>Teaching theoretical and practical lectures of pharmaceutical microbiology for 2nd year students at College of Pharmacy, University of Anbar</i>
Virology	منذ ٢٠١٢ ولغاية الان	<i>Teaching theoretical and practical lectures of Virology for 2nd year students at College of Pharmacy, University of Anbar</i>
Antibiotics	منذ ٢٠١٣ ولغاية الان	<i>Teaching theoretical and practical lectures of course of "Antibiotics" in the field of Pharmacognosy for third year students at College of Pharmacy, University of Anbar</i>

٢. تدريس المواد في الدراسات العليا :		
التخصص	الفصل	اسم المادة
<i>Bacteriology</i>	منذ ٢٠٠٥ ولحد الان	<i>Teaching theoretical and practical lectures of Systematic Bacteriology for Postgraduate students at College of Medicine , University of Al-Anbar .</i>
<i>Bacteriology</i>	منذ ٢٠٠٥ ولحد الان	<i>Teaching theoretical and practical lectures of Diagnostic Microbiology for Postgraduate students at College of Medicine , University of Al-Anbar .</i>
<i>Molecular biology</i>	منذ ٢٠٠٥ ولحد الان	<i>Teaching theoretical and Practical lectures of Molecular biology for Postgraduate students at College of Medicine , University of Al-Anbar .</i>
<i>Molecular biology</i>	منذ ٢٠١١ ولغاية ٢٠١٢	<i>Teaching theoretical and Practical lectures of Molecular biology for Postgraduate students (Ph.D students) at College of Science, University of Al-Anbar</i>
<i>Molecular biology (Molecular genetic)</i>	منذ ٢٠١٢ ولحد الان	<i>Teaching theoretical and Practical lectures of Biotechnology, for Postgraduate students (Ph.D students) at College of Science, University of Al-Anbar</i>
<i>Molecular biology (Molecular genetic)</i>	منذ ٢٠١٢ ولحد الان	<i>Teaching theoretical and Practical lectures of Microbial genetic for Postgraduate students (Ph.D students) at College of Science, University of Al-Anbar</i>

٣ – الاشراف على طلبة الدراسات العليا :

M.Sc	Ph.D
<i>1-Microbiological aspects in biofilm produced by some uropathogens pathogens isolated from catheterized urinary tract infections, 2007-Performed .</i>	<i>1-Breast carcinoma:-Detection of Human Papiloma virus and Epstein Barr virus hypolymerase chain reaction in relation to P53, estrogen, progesterone receptor immunohistochemistry-2011, Performed.</i>
<i>2-Microbiological and clinical parameters of Microbial biofilm in patients with upper and lower urinary tract infections, 2009-Performed.</i>	<i>2-Molecular and bacteriological study on VIM-2 and IMP-1 metallo beta-lactamases produced by Pseudomonas aeruginosa and Acinetobacter spp. obtained from wound infections, 2011, Performed .</i>
<i>3-Molecular detection of Mec and Fem genes in methicillin resistant Staphylococcus aureus isolated from patients with skin infection, 2010-Performed..</i>	<i>3-Molecular and immunological study on Mycoplasma pneumonia isolated from asthmatic and non-asthmatic patients, 2011, Performed.</i>
<i>4-Chlamydia allergens trigger asthma:-Serological and PCR study, 2010- Performed</i>	<i>4-Prediction of novel therapeutic drugs against biosynthesis pathway of mycolic acid in Mycobacterium tuberculosis, 2013-Current</i>
<i>5-Detection of 16s rRNA gene of H pylori in patients with peptic ulcer and gastric carcinoma, 2010- Performed .</i>	<i>5-Molecular genetic study on nuc gene positive and coagulase producer Staphylococcus aureus isolated from wound infections, 2015-Performed</i>
<i>6-Molecular classification of Brucella species isolated from patients with high suspicion of human brucellosis in Ramadi city, 2011-Current.</i>	<i>6-Molecular genetic study on high risk genotypes of Human Papiloma virus and microbial causes of cervicitis among patients with benign and malignant cervical lesions, 2015-Performed</i>
<i>7-Molecular detection of low risk genotyping of Human papilloma virus isolated from genital tract infection, 2013-Performed</i>	<i>7-Molecular and immunological parameters in the diagnosis of acute respiratory viruses in Anbar Governorate, 2015-Performed</i>
<i>8-Molecular detection of bacillary and amoebic dysentery in children complaining of acute diarrhea in Ramadi-Performed</i>	<i>8-A genotypic study of SEN virus in healthy blood donors, thalassemic and patients with or without HBV infection:-Molecular and Clinical importance-Current</i>
<i>9-Molecular study on alfatoxin and it's effect on haemopoietic stem cells-Current</i>	<i>9-Molecular, immunological, and biochemical aspects in the diagnosis of patients infected with hepatitis B virus in Ramadi City</i>
<i>10-Molecular diagnosis of metallo-betalactamases produced by multi-drug resistant Gram negative bacteria isolated from wound infections</i>	

No.	٤. تقييم البحوث ورسائل الماجستير واطاريح الدكتوراه التي كان ممتحنا لها سواء رئيسا او عضوا للجان مناقشتها
1	<i>(Antimicrobial susceptibility of Enterococcus faecalis From Vagina and Blood Detection By 16 Sr DNA Sequencing With a new Isolate of Planomicrbium mcmeekinii)</i>
2	<i>Determine to some Virulence Factor to Pseudomonas aeruginosa</i>
3	<i>(Semen Parameters for Sudanese Attending an Infertility Clinic)</i>
4	<i>Assiciation of some sequence Variation in Vaca Protein to its Vaculating Potential on cell .</i>
5	<i>Inhibition of aro-pathogenic Citrobacter Adhesion on Uroepithelial cell BY Biosurfactant Isolated from Human Vaginal Lacto bacillus aciacidophilus .</i>
6	<i>Detection Verification of genetically modified maize (zia mays L) using DNA sequencing .</i>
7	<i>Detection of Damage DNA in Cytotoxic T Lymphocyte Leukemia .</i>
8	<i>Isolation and Identification of Microorganisms in Cervical Swabe from Women Attending AL – Batool Teaching Hospital .</i>
9	<i>Antimicrobial Activity of Black Seed Oil and Water extracts on multidrug resistant Pseudomonas aerogenosa .</i>
10	<i>Isolation and Diagnosis of Heavy Metal Resistant Pseudomonas sp. bacteria from Hospital Waste in Mousl City .</i>
11	<i>Detection of Hepatitis C Virus (HCV) by ELISA , RIBA and Reverse Transcriptase – Polymerase Chain Reaction (RT – PCR) Technique among kidney dialysis Patients in Nineveh Governorate / Iraq .</i>
12	<i>Effect of mentha spicata aquatic Extract on Bacterial Inhibition and Immune Efficacy in Male Rats .</i>
13	<i>Determine the Optimum Conditions for antibiotics Production from streptomyces Purpureus Local Isolate .</i>
14	<i>Microbiological study on Group A Beta – Hemolytic Streptococci Isolated From Patients With Tonsillitis in Ramadi City .</i>
15	<i>Molecular and Serological Study of Hepatitis B Virus From Carriers at AL – Ramadi City .</i>
16	<i>Bacteriological Study of Urinary Tract Infection in Diabetic and Non Diabetic Women .</i>
17	<i>Optimization and Detection of MDR1 gene in Acute Myelogenous Leukemia Patients in Iraq .</i>
18	<i>Epigenetic inactivation of E-cadherin gene and hypermethylation in oral squamous cell carcinoma.</i>
19	<i>Isolation and identification of sulfolobus spp from hot spring using classical and molecular methods in Hammam Al-Allah by Nenavah Governorate.</i>
20	<i>Molecular differentiation between cystic and alveolar echinococcosis in Al-Anbar Province, M.Sc thesis, 2014.</i>
21	<i>Molecular and serological study of hepatitis C virus from infected patients in Al-Anbar Governorate</i>
22	<i>A genotypic study of SEN virus in healthy blood donors and thalassemia patients; with or without HCV infection and its clinical importance</i>

٥ - الاهتمامات البحثية والخبرات

Research activities in the Department of Microbiology in the field of molecular biology, bacteriology from 2000 and till now. Experience in DNA techniques like DNA extraction from Prokaryotes, purification, restriction, plasmid extraction, PCR techniques, RT-PCR, Genetic analyzer, DNA sequencer and electrophoresis . Other scientific interests include antimicrobial resistance, bacterial biofilm with advance techniques in addition to be high interesting in forensic DNA Field .

خامسا : المؤتمرات العلمية المتخصصة:

طبيعة المشاركة	تاريخ المؤتمر	مكان المؤتمر	عنوان المؤتمر
باحث	٢٠٠١	العراق	<i>Participation in Fifth medical conference in Al-Anbar Governorate, Ramadi City hold on 2001 organized by College of Medicine in cooperation with the Health Directorate in Al-Anbar .</i>
باحث	٢٠٠٣	العراق	<i>Participation in Sixth medical conference in Al-Anbar Governorate, Ramadi City hold on 24-26 Feb. 2003 organized by College of Medicine in cooperation with the Health Directorate in Al-Anbar .</i>
باحث	٢٠٠٣	العراق	<i>Participation in scientific conference for medical sciences in Babylon Governorate, Hilla City hold on 2003 organized by College of Medicine and Health Office in Babylon</i>
باحث	٢٠٠٨	سوريا	<i>Participation in the IMA 38th Scientific Conference for medical sciences hold in Aleppo-Syria on April 5th-7th, 2008 organized Aleppo University.</i>
باحث	٢٠٠٨	الاردن	<i>Participation in the training course titled "The application of forensic DNA in the identification of missing persons resulting from mass fatalities" organized by CRDF at JUST, 2008-Current. This program will be extended for three years.</i>
باحث	٢٠١٠	الاردن	<i>Participation in CRDF training course titled (DNA profile analysis and maintaining sample integrity) held at Jordan University of Science and Technology (JUST) irbid, Jordan from March, 13-18, 2010.</i>

باحث	٢٠١٠	لبنان	<i>Participation in UNITECH INTERNATIONAL training course titled (Forensic human identification training) held at Beirut, USJ Lab from March 22 -24, 2010.</i>
باحث	٢٠١٠	المملكة المتحدة (بريطانيا)	<i>Participation in Biofilm 4 international conference which held in United Kingdom, Winchester City, University of Southampton in 1-3 September, 2010.</i>
باحث	٢٠١٠	الاردن	<i>Participation in CRDF training course titled (The application of DNA to the identification of Missing persons resulting from mass fatalities) held at Jordan University of Science and Technology (JUST) Irbid, Jordan from September 26- October 8, 2010.</i>
باحث	٢٠١٠	العراق	<i>The participation in a national conference entitled "Future of DNA in IRAQ" at the British Embassy, Iraq, Baghdad on November, 4, 2010.</i>
باحث	٢٠١١	البوسنة	<i>Participation in CRDF training course titled (The application of DNA to the identification of Missing persons resulting from mass fatalities) held at Sarajevo-Bosna May, 21-26, 2011.</i>
باحث	٢٠١١	مصر	<i>Participation in the 7th annual international conference of the Egyptian Society for Experimental Biology which hold on 2 April– 6 April 2011 at Faculty of Science, Cairo University, EGYPT .</i>
باحث	٢٠١٢	الامارات العربية المتحدة	<i>Participation in the 1st technosphere 2012 conference and the 14th Annual for SACPAW Congress and the 2nd International Conference of AUST at College of Pharmacy and Health Sciences in UAE (United Arab Emirates), Ajman at 7-9/2/2012.</i>
باحث	٢٠١٢	الاردن	<i>Jordan conference</i>
باحث	٢٠١٦	العراق	<i>11th Scientific conference for Al-Nahrain University in the period from 24-25 March, 2016</i>

سادسا: البحوث المنشورة :		
السنة	المجلة	عنوان البحث
2002	<i>Al-Anbar Medical Journal</i>	<i>1 - Urinary tract infection: Significant bacteruria and candiduria in diabetic and non-diabetic patients authorized by Dr. Mushtak T.S Al-Ouqaili and Assistant researcher Evan L.K Al-Kaki..</i>
1999	<i>M.Sc. thesis. College of Medicine, University of Al-Anbar</i>	<i>2 - Quantitative susceptibility test for antimicrobial agents against Pseudomonas aeruginosa obtained from Saddam General Hospital in Ramadi.,</i>
2002	<i>Al-Anbar Medical Journal</i>	<i>3 - Detection of AmpC cephalosporinase and extended spectrum beta-lactamase among beta-lactam resistant Escherichia coli and Klebsiella pneumonia: Genetic aspects authorized by Dr. Mushtak T.S.Al-Ouqaili.</i>
2002	<i>Al-Anbar Medical Journal</i>	<i>4 - In terms of MIC50 and MIC90, the role of extended and non-extended spectrum beta lactamase in the resistance of enteropathogenic Escherichia coli to beta-lactams.</i>
2006	<i>Ph. D thesis</i>	<i>5 - Molecular, bacteriological and immunological aspects in the diagnosis of human brucellosis. A thesis submitted to the College of Medicine and the committee of postgraduate studies of Baghdad University in a partial fulfillment of the requirement for the degree of doctor of philosophy in Medical Microbiology. Supervised by Prof. Dr. Rassool Al-Dabbagh and Ass. Prof. Dr. Salah Noori Al-Anii,</i>
2008	<i>Anbar Medical Journal.</i>	<i>6 - In Term Of MICs, BICs And MBECs, The role of selected antimicrobials In the eradication of bacterial biofilm produced by staphylococci isolated from patients with indwelling bladder catheters authorized by Dr. Mushtak T.S Al-Ouqaili and Assistant lecturer Shaymaa H. Al-Kubaisy, College of Dentistry Medicine , University of Al- Journal of Science of College, Anbar , Iraq.</i>
2008	<i>Anbar Medical Journal</i>	<i>7- Immunological parameters of cytomegaloviral infection in women with recurrent fetal loss (Accepted for publication). authorized Oby Dr. Mushtak T.S Al-Ouqaili and Assistant lecture Abeer Y. Abdulkareem, College of Medicine , University of Al-Anbar Medical Journal, Anbar , Iraq</i>
2007	<i>Anbar Medical Journal</i>	<i>8- Clinical and Microbiological aspects of impetigo in Ramadi city. authorized by Dr. Abdullah S-Al-Hassan, Dean of College of Medicine and Dr. Mushtak T.S Al-Ouqaili Al-, Anbar , Iraq.</i>

2004	<i>Al-Anbar Medical Journal</i>	<i>9- Occurrence and detection of inducible AmpC cephalosporinase and extended spectrum type among Pseudomonas aeruginosa, Proteus vulgaris and Proteus mirabilis and their role of resistance to β-lactams., Anbar , Iraq.</i>
2008	<i>Al-Anbar Medical Journal, Anbar , Iraq ,</i>	<i>10- Crystalline biofilm produced by Proteus mirabilis: an overview on their formation assays and antimicrobials interaction.</i>
2010	<i>Tikrit Medical Journal, Iraq .</i>	<i>11- Microbiological aspects in biofilm produced by some uropathogens isolated from patients with indwelling bladder catheters authorized by Ass. Prof. Dr. Mushtak T.S Al-Ouqaili and assistant lecture Narjis Fawzi Al-Ani.</i>
2011	<i>Journal of Egyptian Society for Experimental Biology. 7 , (2): 299-308</i>	<i>12-Detection of Extended spectrum and Ambler class C beta-lactamases produced by β-lactam resistant Klebsiellae spp:- Genetic study. By Dr. Mushtak T.S. Al-Ouqaili, Shaymaa H. Al-Kubaisy, Dr. Abdul Baki J. AL-Ani.</i>
2011	<i>International Journal for Sciences and Technology Vol. 6, No. 1, March</i>	<i>13 - In Term of BICs and MBECs, The Role of Selected Antimicrobials in The Eradication of Staphylococcal Biofilm in Patients With Bladder Catheters and Wound Associated Infections. Mushtak T.S. Al-Ouqaili, Shaymaa H.M. Al-Kubaisy & Narjis F. I. Al-Ani.</i>
	-	<i>14 - (Detection of metallo -B-Lactamases and inhibitor resistant Temoneiera enzyme in B- Lactam resistant Klebsiells ssp . and enterobacter cloacae isolated from wound infection : genetic study)</i>
2012	<i>International Journal for Sciences and Technolog</i>	<i>15 - (The role of Van A gene in the resistance of nuc – gene Positive vancomycin resistance staphylococcus aureus isolated from patients with skin infections)</i>
2012	<i>AL-Anbar medical Journal</i>	<i>16 -Advanced and conventional Molecular techniques in the diagnosis of Mycoplasma Pneumoniae in patients with Pneumoniae .</i>
2012	<i>Journal of Egyptian academic sciences society</i>	<i>17 - Detection of 16S R RNA gene of Helicobacter pylori in patients with peptic ulcer and gastric carcinoma:Molecular and Bacteriological study</i>
2012	<i>Journal of Egyptian academic sciences society</i>	<i>18 - molecular detection of MEC A and FEM A genes in methicillin resistance staphylococcus aureus isolated from patients with skin infection</i>
2012	<i>Journal of Egyptian academic sciences society</i>	<i>19- Molecular and Serological Study On Chlamydia pneumonia, Obtained From Asthmatic Patients</i>

2012	<i>The Iraqi Postgraduate Medical Journal Volume 11, No, 4, 2012</i>	<i>22-Detection of Human Papiloma virus in Iraqi Patients with Breast Cancer</i>
2015	<i>AL-Anbar medical Journal Volume 12 No. 1, 2015</i>	<i>20- In Term of molecular Technique Taxonomic and Diagnostic Aspects of Chronic Human Brucellosis in Ramadi City..</i>
2015	<i>International journal of Science and Technology, Impact factor 4.438 Volume 4 Issue 7, July, 2015</i>	<i>21-Detection of Rhinovirus and some DNA/RNA viruses using multiplex real time PCR and both of complement (C3) level and Rhinovirus-Ag in patients with acute respiratory tract infection: Molecular and Immunological study</i>
2016	<i>AL-Anbar medical Journal Volume 1 No. 1, 2016</i>	<i>22-Molecular detection of Shigella spp. And Entamoeba histolytica causing bacillary and amoebic dysentery among children in Ramadi City</i>
