What Are Auxiliary Verbs? (with Examples)

ال فعل المساعد هو فعل يضيف معنى وظيفياً أو نحوياً إلى الجملة التي تحدث فيها ، وذلك للتعبير عن التوتر ، الجانب ، الشكلية ، الصوت ، التركيز ، إلخ. تصاحب الأفعال المساعدة عادةً فعلاً لا متناهياً أو صريحة ، والتي توفر على التوالي المحتوى الدلالي الرئيسي للمادة.

An auxiliary verb (or a helping verb as it's also called) is used with a main verb to help express the main verb's tense, mood, or voice.

The main auxiliary verbs are *to be*, *to have*, and *to do*. They appear in the following forms:

- **To Be:** am, is, are, was, were, being, been, will be
- **To Have:** has, have, had, having, will have
- **To Do:** does, do, did, will do

الاجابات السريعة (نعم/لا) **Short answers**

Short answers are **brief but complete**—they can answer "yes or no" questions or more complicated queries. Conventionally, the verb in a short answer is in the same tense as the verb in the question asked. Also, the verb in the short answer should agree in person and number with its subject.

ما هي الاضافات على الكلمة في اللغة الانكليزية

What's in a word ? and Social expressions

The main purpose of a suffix is to show what class of word it is (e.g. noun or adjective).

Understanding Suffixes

Understanding suffixes can help you improve your reading comprehension. These special endings on words help you to know if a word is a noun, verb, adjective, or adverb. For example, the suffix -tion at the end of the word education signals that it is a noun. The suffix -ive at the end of the word expensive signals that it might be an adjective.

A suffix is a letter or group of letters that are added at the end of the word to give a new word.

word	suffix	New word
Forget, use v.	-ful	Forgetful, useful adj
State, govern v.	-ment	Statement, government adj.
Complicate, create v.	-ion	Complication, creation n.

In most cases adding suffixes forms new word class (n=adj, v=adj, v= n.). In other cases, affixing a suffix does not change the word class, such as (job==jobs). So, adding suffixes can help students to know the word class. Therefore, they need to understand them. When reading a text, it is important for students to know each word class in order to comprehend the text.
